This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

+ *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.

+ *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.

+ *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.

+ *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. GRAND NATIONAL STEEPLE CHASE RULES.

*** The alterations and additions made during the year 1873 in these Rules, and in the arrangement of them, are printed in italics for easier reference.

1. Race-horses take their ages from the 1st of January.

2. Catch weights are, each party to appoint a person to ride without weighing. — Catch Weights.

3. The term "winning horse," in reference to those liable to carry extra weight, or those to be excluded from any race, shall apply only to winners of steeple chases in any country of 20 sov. or upwards, not including the winner's stake, or of some prize of equal value; and not to the winners of hurdle races, flat races, or matches of any kind. — Horses liable to carry extra Weight.

4. A maiden horse or mare is considered one that has never won a "steeple chase" in any country of the value of 20 sov. or upwards, not including the winner's stake; and a horse that has never started is one that has never started for a "steeple chase" in any country of the value of 20 sov. or upwards, not including the winner's stake. — Maiden horses.

5. A plate is any prize given to be run for, without any stake being made by the owners of the horses to go to the winner. — Plates.

6. For a plate, no person can run, either in his own name or in that of any other person, two horses of which he is wholly or in part owner, unless permitted to do so by a special clause in the conditions.

7. Where a stake is deposited by the owners of the horses, which is to go to the winner, such race is a sweepstakes, and if an additional sum of money, cup, piece of plate, or other reward be offered to the winner, the race is still a sweepstakes, though such addition should be denominated a plate by the donor. — Sweepstakes.

Three subscribers make a sweepstakes, and if a stake have the required number of subscribers at the expiration of the time of closing, and the number be after-

wards reduced by death (or, in the case of a produce stake, by failure of produce), the race is not void as long as there are two horses left, the property of different persons, and if the number be reduced to two it is still a sweepstakes.

Post Match or Sweepstakes.

8. For a post match or sweepstakes each subscriber names two or more horses of the proper age, but can only run one, unless a greater number is allowed by the conditions of the race.

Omissions, how supplied —of weight:

9. When any match or sweepstakes shall be made and no weight mentioned, the horses shall carry 12st 7lb each, and if any weight is given the highest weight shall be 12st 7lb.

—of Course:

10. When any match or sweepstakes shall be made and no Course mentioned, the Course shall be that which is usually run by horses of the same age as those engaged, viz:

If four yrs old, two miles and a half.
If five yrs old, three miles.
If six yrs old or upwards, four miles.

And if the horses should be of different ages, the Course shall be fixed by the age of the youngest.

No steeple chase shall be of less distance than two miles.

—of day:

11. If no day be mentioned for a race it shall be run on the last day of the meeting, unless otherwise agreed by all the subscribers.

As to Nominations.

Description necessary.

12. In nominating a horse, gelding, or mare the first time for a steeple chase, its full pedigree must be given, if known, otherwise it shall be sufficient to state its age, colour, and the name in which it has and is hereafter to run, together with such description as will distinguish the animal from any other running in a similar name, either in flat races, hurdle races, or steeple chases.

Change of name.

13. Should the name of any horse be changed after having been once entered in either a flat race, hurdle race or steeple chase, it shall be necessary in all subsequent entries to state his original name, as well as any other names under which he may previously have been entered, until it has been duly registered in the book of Steeple Chases Past.

When the age must be mentioned.

14. In naming for a race in which horses of different ages are admitted, the age of the horse named must be mentioned.

No horse will be allowed to run under four years of age.

Nomination of foreign horses.

15. No horse foaled out of the United Kingdom shall run for any race until his owner has produced a certificate of some Racing club of the country where the horse was foaled, or from the Mayor or other public officer of the district, stating the age, pedigree, and colour of the horse, and the marks by which it is distinguished; and also a certificate of the horse's age, signed by a Veterinary Surgeon, being a Member of the Royal College of Veterinary Surgeons, or holding the Highland and Agricultural Society's Diploma. Such person to be approved of by the Stewards, and the said certificates to be lodged at Messrs Weatherby's office in London.

No horse, though foaled in the United Kingdom, which has been exported before running in any public race, and is afterwards brought into this country to run, shall be qualified to start until the owner or person in charge of the horse has produced a certificate of his age, signed as above.

The production of these certificates shall not preclude the Stewards from ordering an examination of the horse's mouth by a Veterinary Surgeon appointed by themselves, as provided in Rule 70, if they shall see reason for so doing.

Incorrect or insufficient description a disqualification.

16. If any horse, &c. shall be named or entered without being identified as before directed, he shall not be allowed to start in the race, but his owner shall be liable to pay the forfeit, or, if a play or pay race, the whole stake.

Fraudulent entry a perpetual disqualification.

17. If a horse should fraudulently run, or be entered to run, for any race by a false description, such horse is thenceforth disqualified for running in any race; and the owner shall be compelled to return any sum of money won in plates, matches, or sweepstakes (whether handicap or not) which the said horse may have won.

When a horse has been struck out of an engagement by the person legally entitled to do so, if the horse be permitted to start by mistake for the said engagement, he shall not be entitled to receive the prize though he come in first, and if he have been allowed to start in consequence of fraud or misrepresentation on the part of the owner or other person having charge

of the horse, that person shall not be allowed to run any horse where these rules are in force, and the horse shall be disqualified from running for any public race thereafter.

Qualification dates from time of closing.

18. In naming or entering for any race where there shall be any particular conditions required as a qualification to start, it shall be sufficient if the horse were qualified at the expiration of the time allowed for naming or entering, and he shall not be disqualified by anything which may happen after the expiration of that time, unless so specified in the article; or unless he become disqualified under the rules relating to defaulters.

There shall be no restriction with regard to training stables in the conditions of any race.

Nominations not to be changed after closing.

19. No person who has once subscribed to a stake shall be allowed to withdraw his name, and no nomination shall be altered in any respect after the time of closing, without the consent of all the parties in the race.

Exception to preceding rule.

20. When a person takes a nomination for a stake in which the forfeit is to be declared by a particular time, and does not declare forfeit by the time fixed in the article, he shall thenceforth be considered to have taken the engagement on himself, and his name shall be substituted for that of the original subscriber.

Use of fictitious names.

21. Every person who wishes to engage his horses in any other name than his own must assume some one other name, which must be registered *annually* at Messrs Weatherby's Office: a fee of *five guineas* to the *Grand National Hunt Fund* must be paid at each time of registration, and he must run in that name only. No person to change his assumed name once registered, under a penalty of 10 sov. to the same Fund.

The person registering the assumed name shall be considered in all respects as the owner of the horse entered in it, and in the event of the forfeit not being paid, his real name shall be published in the Forfeit List. No person shall register as an assumed name that of any person who runs his horses in his own name, or an assumed name previously adopted. Any horse running in any other name than that of his owner shall be disqualified, unless the name is registered as above.

This rule not to prevent a person, who has subscribed to a stake, from giving his nomination, provided the real or registered name of the owner appear in the entry.

Any horse leased or hired shall not be qualified to run in the name of the hirer for any steeple chase or hurdle race, unless the person so hiring register the fact with Messrs Weatherby before the date of entry, and furnish the name of the lessor, who at the time of hiring, must, as well as the lessee, be qualified to enter and run. The lease not to be for any less time than one year to entitle the hirer to the benefit of this rule, and the death of the lessor not to invalidate the entry.

Any person running a horse in contravention of this Rule shall (at the discretion of the Grand National Hunt Committee) be disqualified from ever running a horse where these rules are in force, and a horse so entered shall be similarly disqualified.

Nominations not required to be made on Sunday.

22. When the day fixed for the closing or naming for any stake, or for declaring forfeit or produce, shall fall on Sunday, subscriptions, nominations, or declarations for such stake may be received on the following day, provided that there is an interval of one clear day between the day of closing, naming, or declaring, and the day of running.

In case the day fixed for naming for any stake, for which nominations are received by Messrs Weatherby, shall fall during a Newmarket race week, nominations may be made to them there, whether so expressed in the advertisement of the stakes or not.

Void by death.

23. All nominations are void by the death of the subscriber.

Allowances to produce of untried horses or mares.

24. In every sweepstakes in which there shall be an allowance of weight to the produce of untried horses or mares, it shall extend to horses or mares whose produce never won a registered prize in any country, but such allowance shall be claimed by the subscriber before the expiration of the time of naming; and if not so claimed, no allowance shall be made.

Respecting Stakes and Forfeits.

Stakes to be paid before starting;

25. All stakes shall be made before starting, in cash, bank bills, or bankers' notes, payable on demand, and be paid into the hands of the person appointed by the Stewards to receive the same; and in default thereof by any person, he shall pay the whole stake as a loser, whether his horse came in first or not, unless such

person shall have previously obtained the consent of the party or parties with whom he is engaged to his not staking.

and forfeit in certain cases.

When any person has more than one nomination in a stake, he shall not be allowed to start any horse for it unless the forfeits be paid for every horse which does not start, belonging to him, or standing in his name, or in the same name as the horse which runs, as well as the stakes for those which do.

Entrances payable at entry.

26. Entrances to plates and to Sweepstakes where there is an entrance to go to the fund, are payable at the time of nomination; but if payment is not then insisted upon, they may be claimed afterwards under Rule 28, and published in the Forfeit List like unpaid forfeits.

Arrears of owner and namer to be paid before starting.

27. No person shall start a horse for any race, either in his own name or in that of any other person, unless both the owner and namer of such horse shall have paid all former stakes and forfeits. And this rule shall extend to forfeits due elsewhere than at the place of running, provided a notice of such forfeits being due shall have been published in the Forfeit List, or have been delivered to the Stake-holder or Clerk of the Course by ten o'clock in the evening preceding the day of running.

Arrears due for a horse to bepaid before he can start.

28. No horse shall start for any race unless all former stakes and forfeits due for that horse shall be paid before starting, provided notice has been given as above.

These rules extend to Ireland.

29. These rules, relative to arrears of stakes and forfeits due at Meetings under the Grand National Steeple Chase Rules, apply to forfeits due at Meetings in Ireland run under the Irish National Steeple Chase Rules.

Defaulters for bets disqualified.

30. No person convicted of any fraudulent practices on the turf, and no person that has been reported by the Committee of the Subscription Rooms at Newmarket or at Messrs Tattersall's as being a defaulter in bets, shall be permitted to name, enter, or run, either in his own name, or in that of any other person, any horse of which he is either wholly, or in part owner, for any race whatever.

The penalties imposed by this rule, for defaults in bets, will not be enforced unless the complaint shall

have been lodged with the Committee of the Subscription Betting Rooms at Tattersall's or at Newmarket within three months of the bets being due.

No person convicted of malpractices by the Jockey Club of England, or the racing or steeple chase authorities of Ireland, the British Colonies, or any Foreign country will be permitted to enter, run, or ride any horse, and no horse disqualified by such authorities will be permitted to start at any meeting where the Grand National Steeple Chase Rules are in force.

The Forfeit List.

31. A list of unpaid forfeits, with the name of the subscriber to the stake, and the name or description of the horse, with the name or sufficient description of the stake, and the amount of the forfeit, shall be advertised in the Sheet Racing Calendar after every Steeple Chase season.

To be published in Racing Calendar.

32. The person appointed to receive stakes is to send to Messrs Weatherby a list of unpaid forfeits, as soon after the race as conveniently may be, in order that the same may be placed upon the Forfeit List; and if he shall omit to make such last-mentioned return within a reasonable time, it may be made by the respective winners of the races for which the forfeits are due. These returns in all cases to be made in writing, and signed by the parties making them, and after a forfeit has been published in the Forfeit List it shall not be struck out unless it shall be paid direct to Messrs Weatherby.

By whom Lists of Forfeits are to be sent for publication.

33. No person whose name shall appear in the published Steeple Chase or Flat Race Forfeit List shall be entitled to enter or run a horse for any plate, sweepstakes, or subscription, either in his own name or in the name of any other person, until he shall have paid up all the forfeits in respect of which his name appears in the list.

Persons appearing in Forfeit List not entitled to enter.

34. No horse which appears in the published Steeple Chase or Flat Race Forfeit List shall be qualified to be entered or to run for any race whatever until the forfeits mentioned in the said lists as due for such

Horses appearing in Forfeit List not qualified to be entered.

horse shall have been paid; and should any such horse be discovered to have run and come in first, he shall be liable to be objected to at any time within six Calendar months.

Suspected nominations may be struck out.

35. In order to prevent persons who are defaulters from evading these laws, and continuing to engage horses by the use of fictitious names, the Stewards shall have the power of calling upon a nominator to produce satisfactory testimony that the horse named is not the property, either wholly or in part, of any person whose name appears in the advertised list of defaulters, and if the nominator shall fail to do so, the Stewards may cause the nomination to be erased.

Liability for engagements of horses sold.

36. When a horse is sold with his engagements, or any part of them, the seller has not the power of striking the horse out of the engagements with which he is sold; but as the original subscriber remains liable to the respective winners for the amount of the forfeits in each of these engagements, he may, if compelled to pay them by the purchaser's default, place the forfeit on the Forfeit List in the usual manner, as due from the purchaser to himself; and until this forfeit is repaid, both the purchaser and the horse remain under the same disabilities as if the purchaser had been the original subscriber.

In all cases of sale by private treaty, the written acknowledgment of both parties that the horse was sold with the engagement is necessary to entitle either buyer or seller to the benefit of this rule; but when the horse is sold by public auction the advertised conditions of the sale are sufficient evidence, and if he has been claimed as the winner of a race of which it was a condition that the winner was to be sold with his engagements, this also is sufficient.

37. When a person has a horse engaged in the name of another person, and is entitled by purchase or otherwise to start the horse for such engagement, but is prevented by any of the preceding laws from starting his horse without previously paying up forfeits to which he is not otherwise liable, he may, if he pay these forfeits, start his horse and have the forfeits, with the names of the horses for which they are due, placed on the Forfeit List in the usual manner as due to himself.

Weighing.

38. The name of every horse intended to start must be notified to the Clerk of the Scales, and his number be exhibited one quarter of an hour before the race, and if any alteration be made in the numbers after they have been exhibited, the Stewards may call upon the owner or trainer for an explanation. If this is not satisfactory, the owner, or trainer, or jockey, may be fined, at the discretion of the Stewards, in any sum not exceeding 50*l.*, and the horse shall not be allowed to start, nor the jockey to ride again, until the fine is paid.

To weigh before andafter the race.

39. Jockeys are required to weigh at the usual place of weighing, before the race, under a penalty not exceeding 10*l.*, unless excused by the Stewards for some special reason, when the fact must be notified to the Clerk of the Scales; and every rider is, immediately after the race, to ride his horse to the usual place of weighing, then and there to alight, and not before, and he is forbidden to touch anything beyond his own equipments after the race is over, until he has been weighed and passed by the Clerk of the Scales, under the penalty of disqualification, unless he can allege extraordinary circumstances, the legality of which must be decided by the Stewards; and if a jockey riding a beaten horse does not return to weigh, he shall be fined a sum of money not less than 10*l.* or exceeding 25*l.* and if it can be proved that the owner or trainer connived at this violation of the law, they shall be fined 25*l.* each, and the horse shall be disqualified to run in public until all the fines are paid.

If the jockey dismount before the proper time, or be short of weight, his horse is disqualified, unless he be disabled by an accident to himself or horse which should render him incapable of riding back, when he may walk or be carried to the scale.

It is optional for the jockey to weigh with his bridle, and the Clerk of the Scales will allow 1lb for a curb or double bridle, but no weight is allowed for a snaffle bridle unless it is put into the scale before the horse is led away, and no whip or substitute for a whip shall be allowed in the scales.

When a horse runs in a hood it must be put into the scale and be included in the jockey's weight.

Over-weight.

40. Every person who shall ride for a steeple chase shall be weighed immediately after the same, and shall

be allowed 4lb above the weight specified for his horse to carry, and no more (provided his weight be not increased by immersion in mud or water), unless the weight he actually rode, be declared as the weight he intended to ride; and if any horse shall carry more than 4lb above his weight, without a declaration having been made by the jockey or the owner of the horse, or by some one on his behalf, to the Steward or Clerk of the Course, or to the person appointed to weigh the jockeys before starting, then such horse shall not be considered the winner of the race even though he should come in first, but shall be placed as the last horse in the race, and his owner shall pay the stake as for a beaten horse; and whether the horse come in first or not, the jockey shall be fined 5 sov. for his neglect, and shall not be allowed to ride in a public race until the said fine be paid.

The person appointed by the Stewards to weigh the jockeys shall, immediately after each day's racing, report to the Clerk of the Course, how much each horse carried, where he carried more than 4lb above the specified weight; and the Clerk of the Course is, as soon after as may be, to communicate such report to the Stewards or one of them; and the weight each horse actually carried, if more than 4lb above his weight, shall be published in the first list printed after the race, and in the Racing Calendar.

Raising weights in handicaps.

41. In all handicaps the lowest weight shall not be less than 10st, and when the highest weight accepting is under 12st 7lb, it shall be raised to that weight and the others in proportion; and in all handicaps where there is no acceptance, and the highest weight left in by 4 p.m. with the Clerk of the Course the day before running is under 12st 7lb, it shall be raised to that weight and the others in porportion.

Scale of weights.

42. No horse shall carry less than 10st in any race.

The Committee recommend the following scale of weight-for-age, two miles and over.

From the 1st of January to the 30th of June, both inclusive:

4 yrs	5 yrs	6 and aged
10st 3lb	11st 8lb	12st 3lb

From the 1st of July to the 31st of December, both inclusive:

4 yrs	5 yrs	6 and aged
11st	11st 12lb	12st 3lb

Starting.

43. When the riders of the horses brought out to run for any race are called upon by the person appointed to start them to take their places for that purpose, every horse which comes up to the post shall be liable to his whole stake. Horses going to the post to be considered starters.

44. The Starter has authority to order the jockeys to draw up in a line as far behind the Starting-post as he may think necessary, and any jockey disobeying the orders of the starter, or taking any unfair advantage, shall be punished by fine or suspension, according to the nature and degree of his offence, at the discretion of the Stewards. Power of the Starter.

No jockey can be suspended beyond the meeting at which the offence is committed, except by the Grand National Steeple Chase Committee.

The punishment inflicted shall not be declared till after the last race of the day on which it is awarded.

A sentence duly passed upon a jockey can only be remitted by the Grand National Steeple Chase Committee.

Should the Starter from negligence or inattention allow a start to take place on the wrong side of the Starting-post, he shall be fined a sum of money not exceeding 50*l.*, to go to the Bentinck Benevolent Fund, and the start shall be declared null and void.

45. The Stewards shall have power to disqualify any horse from being declared the winner of a steeple chase, although he should come in first, if it can be clearly proved to their satisfaction that the jockey, by any deliberate foul riding intended to knock down any horse, or in any determined way jeopardize his chance of success in the race. Any jockey who shall be found guilty of foul riding, and sentenced to either fine or suspension from riding, will not be allowed to ride at any meeting, until the Stewards who have passed the sentence shall give him a certificate either to say that the fine is paid, or that they consider the suspension of sufficient duration. In no case shall the fine exceed the sum of 25 sov., and suspension from riding for life shall always be the punishment for preventing a horse from winning. Foul riding.

46. Horses running on the wrong side of a post and not turning back are disqualified.

Second Horse.

Money for second horse.

47. When it is a condition of a stake or plate that the owner of the second horse shall receive a certain sum of money out of the stakes, or out of the plate, and the race is walked over for, or no second horse is placed, the winning horse is entitled to the whole prize. If the money advertised to be given to the second horse is a separate donation from the Race-fund or other source, and the race is walked over for, or no second horse is placed, the money is not given at all.

When the entrance money for a plate is advertised to be given to the owner of the second horse, and the plate is walked over for, or no second horse is placed, the entrance money is to be returned.

Dead Heats.

When to be run over again

48. If for any plate or sweepstakes, not to be run in heats, the first two or more horses shall come in so near together that the Judge shall not be able to decide which won, those horses shall run for such prize over again, after the last race on the same day; the other horses which started are deemed losers, and are entitled to their respective places, as if the race had been finally determined the first time.

Effect of dividing after a dead heat.

49. When horses run a dead heat for a sweepstakes or plate, and the parties agree to divide the stakes, such horses shall be liable to carry extra weight as winners of that race, and if there be any money for the second horse they divide that also.

Dead heat for second place.

50. When horses run a dead heat for the second place they divide any money that may be payable to the second horse, and if there be any money for the third, they divide that also; and if any of these horses run for a race in which there is a penalty for having received a certain amount of money as second horse, they shall be considered as having received only the amount of their respective shares.

Walking over.

51. A walk over shall in no case be deemed necessary, either after a dead heat or otherwise. It shall be sufficient if a horse be weighed for mounted, and proceed to the starting post, when, no competitor appear in due time, he shall be considered the winner of the race. Such horse shall be liable to carry extra weight as a winner.

Heats.

52. When a race is run in heats, a horse, to win the prize, must be the actual winner of two heats, unless no horse appear against him.

53. In running of heats, if it cannot be decided which horse is first, the heat goes for nothing, and they may all start again, except it be between two horses that had each won a heat.

54. When two horses have each won a heat, they only must start for a third, and the preference between them will be determined by it.

55. When a plate is won by two heats, the preference of the horses is determined by the places they get in the second heat.

56. Horses drawn before the plate is won are distanced.

57. No distance in the third heat.

58. No person shall start more than one horse of which he is the owner, either wholly or in part, and either in his own name or that of any other person, for any race for which heats are run.

Selling Races.

How the winner is to be claimed.

59. When it is made a condition of any plate or sweepstakes that the winner shall be sold for any given sum, the owner of the second horse being first entitled, &c., no other person than one who ran a horse in the race shall be entitled to claim. The claim must be made to the Judge, the Clerk of the Scales, the Clerk of the Course, or one of the Stewards present, within a quarter of an hour after the race. The horse claimed shall not be delivered till he is paid for; and he must be paid for by ten o'clock at night on the day of the race, otherwise the party claiming shall not be entitled to demand the horse at any future period; but, nevertheless, the owner of the winning horse may insist upon the claimant taking and paying for the horse claimed.

Sales by Auction.

60. When it is a condition of a selling race that the winner shall be put up to auction after the race, the half of any surplus which may thereby be obtained over and above the price for which the horse was entered to be sold shall be paid to the owner of the second horse, and this shall not invalidate the privilege of the second horse as to the prior claim of any beaten horse under Rule 61. If the terms prescribed for a selling race be that the winner shall be offered by

auction, and there be no additional stipulation that the moiety of the surplus shall be paid to the owner of the second horse, all the horses running for such selling race shall be disqualified for being entered, or for running where the Grand National Steeple Chase Rules are in force.

Claim of beaten horses

61. Any horse running for a selling stake or plate is liable to be claimed by the owner of any other horse in the race for the price for which he is entered to be sold, and the amount of the stake—the owner of the second horse to be first entitled to claim, and the others in the order in which their horses are placed, and the winner to have the last claim.

Horses running for a race which is excepted by special conditions from the operation of this rule, are not qualified to be entered for a handicap at any meeting professed to be under the Grand National Rules.

62. No person can claim more than one horse in the same race.

63. If two or more persons equally entitled wish to claim, they shall draw lots for the priority.

Extra Weight and Allowances.

64. When it is a condition of any race that horses shall carry extra weight for winning a certain number of prizes during the year, or be allowed weight for having been beaten a certain number of times during the year, such winnings and losings shall date from the 1st of October preceding, and shall extend to the time of starting unless otherwise specified.

A horse which is entitled to an allowance of weight is disqualified in the event of his jockey neglecting to avail himself of that allowance without making a declaration of carrying over-weight.

Not accumulative.

65. Extra weights and allowances are not accumulative, unless so specified in the conditions.

Do not apply to matches or hurdle races.

66. Horses do not carry extra weight for winning a match, and are not entitled to allowance for having been beaten in a match.

The winner of a private handicap race shall be exempted from the penalty of carrying extra weights in all public handicaps, the terms of which impose on winners of handicaps certain penalties for winning after a specified date.

NOTE.—By a private handicap is meant one in which the weights are agreed upon among the par-

ties to it, and which has not been publicly advertised previous to the engagement being made.

Winners of hurdle races are not considered winners in steeple chasing.

67. *In races for Gentlemen riders there shall be no penalties on Gentlemen having ridden winners or allowances for never having won.*

68. A horse walking over or receiving forfeit, except for a match, is deemed a winner.

Value of prizes, how calculated.

69. In estimating the value of any prize no deduction shall be made, except of the winner's own stake and of any sum or sums required by the conditions to be paid out of the stakes to the owners of any other horse or horses in the race—the entrance for a plate not to be deducted. And every prize, not in specie, shall be estimated at its advertised value in sovereigns, and if such value is not designated it shall be taken at the cost price.

Objections to Qualification, &c.

Examination of mouth.

70. When the age or qualification of a horse is objected to, either before or after running for any race, the Stewards, or those whom they may appoint, shall have power to order an examination of the horse's mouth by competent persons, and to call for all such evidence, as they may require, and their decision shall be final, unless they shall sanction the removal of the question in dispute into a Court of Law.

Any person requiring a horse's mouth to be examined must pay the expense of such examination, unless the horse is proved to be of the wrong age, in which case such expense shall be paid by the owner of the said horse.

When complaints must be made.

71. When the qualification of any horse is objected to before starting for the race he is engaged in, the owner must produce proof of his qualification to the Stewards or Clerk of the Course, and if the owner shall start his horse without so doing, the prize shall be withheld for a period, to be fixed on by the Stewards, at the expiration of which time, if the qualification be not proved to the satisfaction of the Stewards, he shall not be entitled to the prize though his horse should have come in first, but it shall be given to the owner of the second horse. When the qualification of a horse is objected to after the race, the person making the objection must prove the disqualification. The objector shall at the time he makes

his objection deposit in the hands of the Clerk of the Course the sum of 5 sov., which shall be returned if the Stewards decide the objection to be simply valid or invalid; but if their decision shall be that the objection is frivolous or vexatious, the money shall be forfeited to the Bentinck Fund.

As it is expedient that there should be a statute of limitations with respect to the time of lodging objections against winning horses, no complaints can be entertained after the conclusion of the Race Meeting, save and except charges of fraudulent entry or of running horses under a false description, which may be investigated at any period within one year from the date of the offence.

Presents to Judge, Starter, or Handicapper not allowed.

72. If it can be proved against any person that he has offered money before or after a race to any Judge, Starter, or Handicapper, or promised any part of the stake or prize, or any share or part of a bet, he shall be warned off all Courses where these Rules are in force; and any Judge, Starter, or Handicapper who shall, before or after a race, demand or receive money of any person, shall be warned off all Courses where these Rules are in force.

73. Any rider in a steeple chase where the ground is not flagged out, going upwards of one hundred yards on any high road, lane, or public thoroughfare, will disqualify his horse from winning, although he should come in first.

74. Any rider in a steeple chase where the ground is not flagged out, opening any gate or wicket, or passing through any gateway or common passage from one enclosure to another, will disqualify his horse from winning, although he should come in first.

Remounting.

75. Any horse getting away from his rider may be remounted in any part of the same field or enclosure in which the occurrence took place; but should such horse not be caught until he shall have entered another field, then he shall be ridden or brought back to the one in which he parted from his rider. Any jockey so losing his horse may be assisted in catching him and remounting him without risk of disqualification; and in the event of a rider being disabled, his horse may be ridden home by any person of sufficient weight; provided he be qualified according to the conditions of the race. No penalty shall be exacted for carrying over-weight in this instance.

Postponement of races.

76. Should the weather or ground be in a doubtful state for running, it shall be left entirely to the Stewards, who may order the chase to be postponed for any time not later than the week following that for which it was originally fixed; and all nominations and subscriptions shall stand good, the same as if the chase had taken place on the day originally fixed.

Flag marks.

77. If any flag, post, or boundary mark be placed in the course—no matter by whose order—after the riders have been shown over the ground, or had the line of country pointed out or explained to them, it shall not be considered binding or of any effect unless such alteration or addition shall have been particularly named previous to starting, to all the jockeys about to ride in the race, by one of the Stewards, Clerk of the Course, or by their representatives.

78. If a horse refuse any fence in a steeple chase, and it can be proved to the satisfaction of the Stewards that he has been led over a fence by any of the bystanders, or has been given a lead over one by any horseman not riding in the race, the horse shall be disqualified from winning, although he should come in first.

Hunters' certificates.

79. In all hunters' stakes a certificate from a Master of Hounds shall be required, and it shall be signed by a Master of Fox-hounds or Stag-hounds, or by two gentlemen appointed by him, who hunt regularly with his hounds, and it *shall be lodged at Messrs Weatherby's office a clear week before the race in which the horse is intended to run, so as to admit of their being registered and published in the Calendar, with the name of the Gentleman who signed. A fresh certificate shall be required after the 1st of January in each year, so that horses running in Hunters' races up to the 31st of December, may be qualified by certificates of the season finishing in the spring of the same year. A fee of 2s. 6d. to be charged for registration.*

The following form of certificate is that approved by the National Hunt Committee:

I hereby certify that have seen Mr 's b. g. or ch. h., &c. hunted regularly with the hounds during the season.

Signed,

Address,

Date,

Hunters' qualification

80. *No horse will be allowed to run for a hunters' race which has been charged Race-horse Duty during the preceding twelve calendar months.*

Substitutes for Judge and Starter.

81. The Judge and Starter cannot employ substitutes without the consent of the Stewards, or their substitutes. A contested race cannot be decided if the Judge have vacated his box, unless a Steward, or an official person duly authorised, occupy it. A stranger cannot start the horses without the consent of the Stewards, or their substitutes; in the event of a violation of this rule, the heat is nullified and the race must be run over again without going to the scales.

Qualifications for Gentlemen riders.

82. In all steeple-chases advertised for Gentlemen riders, the following qualifications will be necessary. That the riders should be Members of one of the following Clubs: The Jockey Club, Croxton Park, Bibury, and Brighton Race Clubs, the New Rooms, or Coffee Room at Newmarket, the Jockey Clubs of Paris, Berlin, and Vienna, the Army and Navy, Arthur's, Turf, Boodle's, Brookes's, Carlton, Junior Carlton, Guards', Pratt's, Egerton Pratt's, the Reform, Travellers', United Service, Junior United Service, White's, the Conservative, the Oxford and Cambridge, the Naval and Military, the Oriental, *or the Arlington*, the Kildare-street or Sackville Street Clubs in Dublin, the Western Meeting, Ayr, or the New Club, Edinbro'; or that they should be Officers on full-pay in the Army or Navy, or persons holding commissions under the Crown, or bearing titles in their own right, or by courtesy.

Persons not qualified as above, who wish to ride as Gentlemen riders, may send in their names to Messrs Weatherby's office, proposed and seconded by members of the Committee, and the Committee will meet for the purpose of balloting at different times during the year, and each person freshly elected will be charged 1 *guinea* to go to the *Grand National Hunt* Fund.

But should any person who has been elected as a Gentleman rider subsequently ride as a jockey, he shall thenceforth be disqualified as a Gentleman rider.

If any member of the Grand National Steeple Chase Committee, or any gentleman elected as qualified to ride, should appear in the published Forfeit List as a defaulter for stakes or forfeits, or be reported by the Committee of the Subscription Rooms at Newmarket

or at Messrs Tattersall's, as being a defaulter for bets lost on horse racing, the Committee shall cause notice to be sent to him that if his default be not cleared by a time to be stated in the said notice (not to exceed three months) his name will be erased from the list of Members, or of Gentlemen qualified to ride; and if a member should be convicted of fraudulent practices on the turf, or should compound with his creditors, he shall cease to be a member of the Committee, and to be qualified to ride.

GRAND NATIONAL STEEPLE CHASE COMMITTEE.

All Members to pay on the 1st of May an annual subscription of 5 sov. to the Fund.

Members being in arrear for more than one year's subscription to cease to be Members until their arrears are paid and they are again chosen by Ballot.

Three to form a quorum for ordinary business, but no alteration or addition to be made to the rules, and no new member of the Committee elected unless five members, at least, shall be present.

A Sub-Committee to be appointed annually to hear objections and transact all minor business, and to have the power, in case of absence or illness, to appoint substitutes, being Members of the Committee, to act for them. The Sub-Committee to act with the Committee of Tattersall's in deciding bets on Steeple Chases, &c.

83. The decision of the Stewards, or whomsoever they may appoint, is final in everything connected with steeple chases, and there is no appeal whatever to a court of law. Stewards' decision final.

[The Committee recommend that Clerks of Courses should write to each of their appointed Stewards, seven clear days before each meeting, requesting their attendance, or the appointment of substitutes to act as Stewards, should they themselves be unable to attend.]

84. Any alteration in, or addition to, the Rules of Racing shall, as far as applicable to Steeple Chasing, be at once incorporated in these rules.

85. No horse running at a meeting in Great Britain not advertised to be under the National Hunt Rules, will be allowed to run at any meeting where the Grand National Rules are in force.

HURDLE RACES.

At a meeting of the Grand National Committee held on December 14th, 1867, it was resolved that at Race Meetings where Hurdle Races are advertised to be run under the Grand National Steeple Chase Rules, these rules shall all be applicable to Hurdle Races, the following being substituted for Rules numbers 3 and 4, and the last paragraphs of 10 and 14.

The term "winning horse," with reference to those liable to carry extra weight, or to be excluded from any race, shall apply only to winners of Hurdle Races value 20*l.* and upwards, not including the winner's own stake.

A maiden horse is one that has never won a hurdle race in any country of the value of 20*l.*, not including the winner's own stake.

No three yrs old can run for any hurdle race before the 1st of September.

No Hurdle Race shall be of less than one mile and a half in extent, or over less than six flights of hurdles, and in all longer races there shall be an additional flight of hurdles for each quarter of a mile or part of one.

HUNTERS' RACES ON THE FLAT.

The Grand National Steeple Chase Rules for Hunters' Races on the flat are the same as for Steeple chases, with the following exceptional and additional Rules—

1. Horses in hunters' races must be ridden by persons who have never ridden for hire.

2. No horse to carry less than 11st.

The Committee recommend the following as a scale of weight-for-age, two miles:

From the 1st of Jannary to the 30th of June, inclusive:

4 yrs	5 yrs	6 and aged
11st 7lb	12st 3lb	12st 7lb

From the 1st of July to the 31st of December, inclusive:

4 yrs	5 yrs	6 and aged
12st	12st 5lb	12st 7lb

3. For hunters' races on the flat the term "winning horse," shall apply to winners of flat races, steeple chases, or hurdle races in any country of 20 sov. value or upwards, and maiden horses are those that never won a flat race, steeple chase, or hurdle race value 20 sov. in any country.
